PREPARATION

Surface Requirements: The areas to be glued must be dry and free of any dust or grease.

APPLICATION

Directions for use:
Twist the yellow cap anticlockwise. Press gently on the bottle to apply the glue. Close the bottle afer use by twisting the cap clockwise. Depending on the quantity applied, UHU Glitter Glue is touch dry after approx. 60 minutes and completely dry after approx. 4 hours. Soaking in water dissolves UHU Glitter Glue, this means that it will not withstand washing operations.
Stains/residue: Once it has dried, the glue can be washed off at 30 °C by machine or by hand. Do not wash with other items as these may pick up particles of glitter.
Points of attention: In case of contact with skin, rinse with water.
