

UHU® CREATIV' PAPER & PHOTOS

SOLVENT-FREE, STRONG AND FAST BOND

PRODUCT DESCRIPTION

UHU Creativ' Paper & Photos is a solvent-free glue stick especially for gluing paper and photos. Clean and easy to use, does not bleed through. The glue formula consists of 98% natural ingredients (including water). The glue is colourless, has a strong adhesion and washes out with cold water. The unique glue cap prevents the glue from drying out. UHU Creativ' Paper & Photos is ideal for making photo albums, poetry albums, scrapbooks, calendars, collages, greeting cards, lanterns, window pictures, table decorations, paper flowers, kites and much more.

FIELD OF APPLICATION

Glues photos, paper, especially light paper such as transparent paper (kite paper, glassine paper, lantern paper), silk paper, comb paper, tone paper, crepe paper, all in combination with many other materials.

PROPERTIES

- Solvent-free glue formula with 98% natural ingredients (incl. water)
- Clean and easy to use
- Strong and fast bond
- Does not bleed through
- High efficient
- Unique screw cap
- Colourless and cold washable

PREPARATION

Surface requirements: The areas to be glued must be dry and free of any dust or grease.

APPLICATION

Directions for use:

UHU Creativ' Paper & Photo is applied with light pressure onto the materials to be glued. The parts are joined then immediately.

Stains/residue: UHU Creativ' Paper & Photo can be washed out with water.

CURE TIMES*

Drying/Curing time: approx. after 3-4 minutes full bonding strength is reached on standard quality writing paper. The initial bonding speed depends on the absorbency of the material to be glued. Materials with low absorbency require a much longer drying time. It is transparent when dry.

Final bonding strength after: approx. 1h (fully stressable)

* Curing time may vary depending on a.o. surface, product quantity used, humidity level and ambient temperature.

TECHNICAL SPECIFICATIONS

Appearance: white to slightly yellow wax-like mass

Chemical base: polyvinyl pyrrolidone

Consistency: Solid, but easy to apply

Solvent: Water

Density: approx. 1,07-1,08 g/cm³

pH-value: approx. 10,5-11,5

STORAGE CONDITIONS

Product should be stored in a dry, cool and frost free place.

PACK SIZES

- Portable
