PHYSIOLOGICAL PROPERTIES

UHU Glue Pen is physiologically safe.

PRODUCT DESCRIPTION

The fast, clean, liquid paper glue in a handy pen format. The convenient applicator ensures an economical and clean glue application without wrinkling the paper. Perfectly glues paper, cardboard and labels, is solvent free and of course cold washable.

FIELD OF APPLICATION

Suitable for glueing paper, cardboard, photos, Styrofoam® (expanded polystyrene), labels, textiles, etc. Ideal for use at home, office, school and Kindergarten

PROPERTIES

- Convenient applicator for an easy, clean and smooth glue application
- Glues fast, clean and without wrinkling paper
- Solvent free
- Cold washable

PREPARATION

Surface requirements: Materials to be glued must be clean, dry and free from dust and grease. One of both surfaces must be absorbent.

APPLICATION

Directions for use:

UHU Glue Pen is preferable applied and spread evenly onto the materials to be glued. The parts are put together immediately after applying the glue. The glue dries quickly.

First usage: Turn the cap with the fabric tip clockwise and remove inner seal. Replace fabric tip. Squeeze tube gently and rub tip over paper. Replace cap after use.

Note: This information is the result of carefully executed tests. This Technical Data Sheet has been prepared to the best of our knowledge to provide you with advice when gluing. We cannot be held responsible for the results or any damage suffered, as the variety of factors involved (type and combination of materials and working method) are beyond our control. Users have to carry out their own checks and trials. Liability can only be accepted for the consistently high quality of our product.
