

UHU[®]**CREATIV' CARDBOARD & CRAFT PAPER
DOES NOT WRINKLE PAPER – CRISTAL CLEAR****APPLICATION****Directions for use:**

Apply to one or both of the parts to be assembled as required and place together immediately, within about a minute at the latest. The bond strengthens as the solvent evaporates. About two-thirds of the final bond are achieved after 24 hours.

Stains/residue: Smearred glue should be wiped away as quickly as possible; dried remnants, specks on clothing, etc. can be removed with UHU adhesive remover. Alternatively, methylated spirits, ethyl acetate, nitro thinner or amyl acetate may be used.

TECHNICAL SPECIFICATIONS

Appearance: colourless, crystal- clear gel

Chemical base: polyvinyl ester

Consistency: Gel (thixotropic)

Solvent: Mixture of low-boiling esters and alcohols

Solid matter: approx. 32 %

Density: approx. 0.95 g/cm³

STORAGE CONDITIONS

Product should be stored in a dry, cool and frost free place.

PACK SIZES

tube: 33ml on blistercard

PRODUCT DESCRIPTION

UHU Creativ' Cardboard & Craft Paper is the strong, fast and cristal-clear adhesive for handicrafts. Without stringing and without wrinkling the paper it is the perfect adhesive for creating greeting cards, table decorations, collages, mobiles, gifts, paper flowers, masks and much more.

FIELD OF APPLICATION

For bonding paper, cardboard, leather, felt, foams, many plastics, fabrics, textiles, Styrofoam[®] etc. among themselves and to many other materials such as wood, ceramics, glass etc. Suitable for indoor use only. Not suitable for polyethylene (PE), polytetrafluoroethylene (PTFE) or silicone (Si), as these plastics have anti-adhesive properties.

PROPERTIES

- Does not wrinkle paper
- Cristal-clear
- Strong and rapid adhesion
- No stringing
- Non-drip

PREPARATION

Personal safety: UHU Creativ' Cardboard & Craft Paper contains volatile, readily flammable solvents; precautions must therefore be taken during application and storage.

Surface requirements: The areas to be glued must be dry and free of any dust or grease.
