

STIC MAGIC BLUE

BLUE GLUE STICK SOLVENT FREE WITH DISAPPEARING COLOR

PRODUCT DESCRIPTION

Blue glue stick "Made in Germany" where you can directly see where the glue is applied. Goes on blue and magically dries clear. With a unique screw cap that prevents glue from drying out and a container made with up to 70% recycled plastics (8,2g + 21g stic 50%, 40g stic 70%). The glue formula consists of 98 % nature-based ingredients (including water) and is solvent free. Glues strong, fast and durable, glides smoothly, is highly efficient and of course cold washable.

FIELD OF APPLICATION

Suitable for glueing paper, cardboard, photos, Styrofoam® (expanded polystyrene), labels, textiles, etc.

PROPERTIES

- Applies blue and magically dries clear
- Container made with up to 70% recycled plastics (8,2g + 21g stic 50%, 40g stic 70%)
- Unique screw cap that prevents glue from drying out
- Solvent free glue formula with 98 % nature-based ingredients (including water)
- Glues fast, strong and durable
- Very good direct tack
- Highly efficient
- Glides smoothly and cold washable

PREPARATION

Surface Requirements: Materials to be glued must be clean, dry and free from dust and grease. One of both surfaces must be absorbent.

APPLICATION

Directions for use:

UHU stic Magic Blue is applied with light pressure onto the materials to be glued. The parts are put together immediately after applying the glue. The blue color disappears a few seconds after application and it is transparent when dry.

Stains/residue: UHU stic Magic Blue can be washed out with cold water.
