

# CORRECTION PEN

## LIQUID CORRECTION PEN FOR FAST, CLEAN AND PRECISE CORRECTION

### PRODUCT DESCRIPTION

Liquid correction pen for fast and precise correction of printed or handwritten text and small areas such as dots and lines. With a special metal tip for extra precise and smooth application. The pen is soft and very easy to squeeze. The fluid dries fast and has a high covering power. Suitable on all common types of paper (except thermal paper). The packaging is made of more than 85 % recycled cardboard.

### FIELD OF APPLICATION

Suitable for printed or handwritten texts on every type of paper (except thermal paper)  
Not suitable for thermal paper.

### PROPERTIES

- For correction of dots, fine lines and small areas
- Soft pen - easy to squeeze
- Metal tip for precise and smooth application
- Fast drying, with high covering power
- Suitable for most kinds of paper

### APPLICATION

#### Directions for use:

Shake pen until you hear the mixing ball inside. Before first use, remove the protection cover from the metal tip. Shake the pen until you hear the mixing ball inside. Press gently with the pen to apply correction fluid to the required area. The metal tip allows you to control the amount dispensed precisely and economically. Leave to dry for a few moments before writing on the corrected area. Replace cap on pen immediately after use.

**Stains/residue:** Correction fluid can be removed from smooth surfaces, when dry, preferably with mechanical action using a blade or spatula.

### TECHNICAL SPECIFICATIONS

Chemical base:	Acrylate resin with titanium dioxide
Colour:	White
Consistency:	Liquid
Density approx.:	0,97 g/cm <sup>3</sup>
Drying/Curing time approx.*:	1-2 minutes
Flash point:	K1 (<21°C)
Paintability:	Yes
Solid matter approx.:	54 %
Solvent:	Mixture of hydrocarbons
Viscosity:	Low viscosity

\* Curing time may vary depending on a.o. surface, product quantity used, humidity level and ambient temperature.

### PACK SIZES

Available as 8ml pen in tray or on blistercard.

### STORAGE CONDITIONS

Store in a dry, cool and frost-free place.

Our advice is based on extensive research and practical experience. However, in view of the large variety of materials and the conditions under which our products are applied, we assume no responsibility for the results obtained and/or any damage caused by the use of the product. Nevertheless, our Service Department is always at your disposal for any advice needed.
