

Certificate

for UHU Stic

We hereby confirm that all raw materials, packaging materials and also the finished UHU goods are in compliance with the latest technical European Union Standards.

We hereby confirm that the UHU Stic is made from recyclable material. The blistercard is typically made from 90% recycled material and the blistercap is made from 100% recycled material.

Furthermore, we confirm that the UHU Stic contains 98 % natural ingredients including water and is free of PVC. It is not classified according to regulation (EC) No 1272/2008 and is physiologically safe.
